Minute**  
*Essentials*

**#34– March 16, 2025**

*1' to discover an aspect of Rotary*

## **The Rotarian Minute is 2**

---

The Rotarian Minute was launched in January 2023.

Its goal is to widely disseminate information about the organization and operations of Rotary.

Its format, deliberately reduced, allows the reading of each of the publications in only 1 minute at the beginning of each statutory meeting.

This initiative aims to keep members and the broader community informed about the Rotary's activities and its impact worldwide.

The Rotary Minute comes in three versions: Essentials, News, and History, allowing readers to choose the content that best suits their interests.

The Essentials version focuses on key aspects of Rotary, News covers the latest updates and events, while History provides a deeper look into the organization's past and milestones.

All previous editions are available online, providing easy access for those interested in exploring past topics: <https://therotarianminute.org/>

This platform is an excellent resource for staying connected with Rotary's ongoing work and legacy.
