1 minute to discover Rotary news

The Rotarian Minute in English

The French edition of La Minute Rotarienne was created in 2015.

The success it has enjoyed in France and French-speaking countries, year after year, has led to the desire to expand its global audience by publishing an English version.

The Rotarian Minute appeared in 2022.

It is available in 3 versions:

- **Essentials** for the organization and operation of Rotary
- **History** for its history
- **News** for its news

It is broadcast on a dedicated Facebook group

<https://www.facebook.com/groups/1763273974066107> which has more than 25,000 members in more than 150 countries.

A website <https://therotarianminute.org/> allows you to easily consult all the Minutes already published.
