

No. 42 – March 16, 2026

1 minute to discover an aspect of Rotary's history

The Alumni

Rotary Alumni are former participants in Rotary Youth programs.

They bring together young people who have benefited from initiatives such as Student Exchange, summer exchanges, Rotary scholarships or RYLA.

At the end of their program, these young people become Alumni, that is to say, members of an international community linked by the values of Rotary: cultural openness, commitment, leadership and service.

Around the world, these alumni represent a dynamic network of young adults who have experienced the Rotary spirit firsthand.

Alumni are a real asset to Rotary.

They are often the best ambassadors for youth programs and can contribute to the life of the clubs: testimonials, support for new participants, participation in actions or development of projects.

Maintaining the link with Alumni therefore helps to extend the impact of youth programs and to strengthen the Rotary family in a sustainable way.
